PROJECTS

Personal Portfolio Website

- Designed and developed a personal portfolio website to present profile information, skills, projects and contact details.
- Focused on clear navigation, interactive information sections and a professional user interface.
- Relevant areas: website structure, responsive design concepts, content organization and user experience.

AI Chatbot Project

- Worked on a customized chatbot project with the goal of responding to user questions through a conversational interface.
- Explored organizing project files, troubleshooting errors and configuring the application for use.
- Relevant areas: prompt design, chatbot conversation flow, testing responses and improving clarity.

Website Contact Section

- Planned a contact section with name, email, phone number and message fields to make it easier for visitors to get in touch.
- Focused on form layout, usability and presenting contact information clearly.

Medical Shop Inventory Management System

- Real-time pharmaceutical stock training, batch expiry notification, and fast invoice lookup.
- Implements analytics on SKU turnover, recorder alerts, and sales margin reporting.

EDUCATION &PROFESSIONAL CERTIFICATION

- Bachelor of Arts (B.A.) | Khalsa College for Women, Punjab University
- Post Graduate Diploma in Computer Applications (PGDCA)
- Applied Artificial Intelligence & Machine Learning Specialization
